

Literacy

We will look at how to write instructions for making our Aztec chocolate bars.

We will learn about some of the myths and legends of the Aztecs and their gods.

Social Studies

Aztecs-Who were the Aztecs and what was important to them in their daily life? How has this impacted upon us now?
(History of xocolatl)

Science

Changing state- what happens to chocolate when it melts? Or freezes? And why? How can we make different products change at different temperatures?

Life Cycles- Look at the life cycles of different rainforest creatures

Mathematics

We will analyse graphs of data on the melting temperature of different chocolate.

We will use measurement to ensure our cooking of the chocolate is accurate and the packaging is in proportion. We will make Aztec patterns using symmetry.

Topic & Focus

Aztecs and XOCOLATL

Design and Technology

How can we create Aztec chocolate bars and their packaging?
How can we make rainforest musical instruments using the world around us.

Art and Design

Creating Aztec masks and prints.

Other subjects taught outside the topic:

On-going Literacy and Numeracy lessons

P.E – Athletics, Yoga/Tennis, Striking/Fielding

Theatre Arts - Miss Niki Spanish – Miss Yorcka/Miss Cara

PSHE / MindUP

R.E
